Superintendent's Highlights

Our staff has demonstrated an on-going commitment to students and to teacher professionalism through training and capacity building in the area of language arts. Positive student performance continues to grow.

The Caldwell music program continues to do well with both in and out-of-district recognition of our teachers and students alike.

Two schools were recognized with the IEA Excellence in Education A+ Award for their enhanced support of students and student academic success.

Six of our teachers have undertaken the challenge of National Board Certification and we believe they will succeed in their effort.

Progress Towards Meeting District Goals

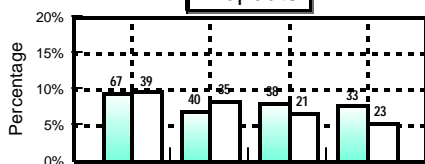

1999-00 Goals	Progress
To provide an aligned system of reading instruction that is researched based and effective for our elementary students.	80% of our primary (K-3) teachers completed the Idaho Comprehensive Literacy Course and implemented those strategies in their classrooms. Students showed tremendous progress in their reading proficiency on the IRI and substantially exceeded state averages.
Continue the process of assisting our staff in technology training and implementation.	Over 75% of our staff have been trained and passed the Idaho Technology Competency Exam. Additionally, each school site has a full local area network that is connected with a T-1 line to the Internet.
Improve media centers and their utilization and integration with classrooms and classroom instruction.	Media centers have generally shown a doubling effect in their circulation rates, indicating enhanced student use.
